Help us deliver a petition with one million signatures to Congress urging the passage of fair and just immigration reform this year.

We need your help. Please sign the petition below and send a message to your representatives. LULAC will hand deliver the petition to every member of Congress and hand deliver a letter from you to your Representative and Senators.

In addition, please help us spread the word by getting your family, friends and colleagues to sign the petition. United together our voices will be heard!

Dear Members of Congress:

We, the people who you represent, urge you to support the passage of fair and just immigration reform this year.

Fair and just immigration reform must include the following components:

- 1) It must keep families united and treat hard working immigrants with dignity and respect.
- 2) It must protect fundamental civil and human rights and reject proposals that criminalize immigrants and their families.
- 3) It must provide a practical and legal avenue to earned permanent residence and citizenship for those already within the United States.
- 4) It must create a workable and realistic legal pathway for future immigrants to obtain permanent residence and citizenship while guaranteeing strong and enforceable labor protections for those who participate in the program.

We call on you to hear our petition and ensure the passage of fair and just immigration reform this year.

Sincerely,

(please sign on the reverse side)
